

GENERAL INFORMATION

CMP's Large Scoring Stage is located in Brno, second biggest city in the Czech republic (about two hours' drive from Prague, one and half hour from Vienna /Austria/, or one hour drive from Bratislava /Slovakia/).

Till 1996, the Scoring Stage served as main recording venue for top-notch symphonic projects recorded by Czechoslovakian Radio.

With 390m2 of stepped floor space, CMP's Large Scoring Stage belongs to one of largest in Central Europe, possible to accommodate 100+ piece orchestra and choir, simultaneously.

Its HQ acoustics, up-to-date recording equipment and easy accessibility by car, bus, train or airplane makes from CMP's Large Scoring Stage an ultimate solution for almost every symphonic project.
